Aceso® Wins the Interactive Customer Experience Industry Excellence Award for Second Straight Year

Aceso wins 2015 ICX Award for Healthcare Industry

CHICAGO - June 29, 2015 – Aceso, the healthcare industry's premier interactive patient care and digital media solutions provider, announce that for the second year in a row they have won the Interactive Customer Experience Industry's top award for the *Best Healthcare Deployment* at the Interactive Customer Experience Association (ICX) Summit, held this week in Chicago. The ICX awards each year honor the best self-service, digital signage and mobile technology deployments across all vertical market segments.

Marianjoy Rehabilitation Hospital in Wheaton, Illinois selected Aceso to implement their HTV digital signage solution to create a cutting edge experience in the newly renovated areas of the hospital. Three multi-panel video walls focus programming on wellness, education, donor information and inspirational messaging. Using a blend of stunning photography, dynamic animation and compelling video, messaging is displayed on the video walls via a cloud-based content management platform. Aceso in partnership with ComQi provided Marianjoy Rehabilitation Hospital with a turnkey digital media solution.

Marianjoy Rehabilitation Hospital's President and CEO, Kathleen Yosko stated, "Successful rehabilitation outcomes are best demonstrated through motion and independence. Our digital campaigns allows us to share our patients' success in order to motivate others."

"It's impressive to be recognized in such a visually appealing and dynamic way. My wife and I are donors to many organizations but this is the most innovative donor recognition I have seen." J.M. (Donor)

Kimberly Wall, Aceso Vice President, Creative Design said, "Aceso's digital signage centralized cloud-based system empowered the creative and committed team at Marianjoy Rehabilitation Hospital to welcome and engage visitors from the moment they set foot in the hospital. Compelling digital campaigns utilizing video and animation raise awareness of Marianjoy's technical advancements in rehabilitation, and put the spotlight on the unsung heroes - patients, care teams and donors. Visitors are treated to an inspiring digital experience."

About Marianjoy Rehabilitation Hospital

Marianjoy Rehabilitation Hospital is a nonprofit teaching hospital in Wheaton, Illinois, dedicated to the delivery of physical medicine and rehabilitation programs including stroke, neuromuscular, orthopedic, brain injury, spinal cord injury, and pediatrics. Marianjoy's state-of-the-art, 128 private room replacement hospital is designed to provide rehabilitative care in a naturally holistic setting. outcomes and better coordinate education and patient care across the healthcare continuum. eCareBoard, Aceso's digital whiteboard engages patients and families in their care by automatically displaying meaningful information within the patient room. HTV, Aceso's digital network of screens, enables patient and visitors to experience personally relevant and timely content in common, waiting and treatment areas. Our approach to care connects the public with the provider and creates awareness while building confidence in the provider's expertise and specialties. Aceso advances patient care for leading hospital networks, from the bedside up. Please visit www.aceso.com for more information.
